Alcidion completes acquisition of Silverlink

Melbourne, Australia – Alcidion Group Limited (**Alcidion** or the **Company**) is pleased to announce the completion of the acquisition of 100% of the share capital of Silverlink PCS Software Ltd (**Silverlink**).

Silverlink is one of the largest and few remaining specialist Patient Administration System (PAS) providers servicing the UK NHS market. The acquisition provides Alcidion with the core PAS capability, which expands the overall product offering and positions Alcidion to become a cloud-native, modern, and modular Electronic Patient Record (EPR/EMR) provider to rival major global incumbents.

Alcidion's Managing Director, Kate Quirke commented, *"We are delighted to welcome the Silverlink business, management and staff to Alcidion and look forward to working closely with them to establish a dominant product offering for the healthcare market. The reaction we have seen from customers and the market more broadly has been very positive, providing our team with a strong validation as to the strategic roadmap ahead and the positioning of Miya Precision (along with PCS) as a modular, cloud native EPR platform."*

The Retail Entitlement Offer, as referred to in the Company's ASX announcement dated 7 December 2021, opened at 10:00am (Sydney time) on Tuesday, 14 December 2021 and will close at 5:00pm (Sydney time) on Thursday, 23 December 2021.

This announcement is authorised for release by the Board of Directors of Alcidion Group Limited.

About Alcidion Group Limited (ASX:ALC)

Alcidion Group Limited (Alcidion) has a simple purpose: to transform healthcare with proactive, smart, intuitive technology solutions that improve the efficiency and quality of patient care in healthcare organisations, worldwide.

Alcidion offers a complementary set of software products and technical services that create a unique offering in the global healthcare market. Based on the flagship product, Miya Precision, the solutions aggregate meaningful information to centralised dashboards, support interoperability, facilitate communication and task management in clinical and operational settings and deliver Clinical Decision Support at the point of care; all in support of Alcidion's mission to improve patient outcomes.

Since listing on the ASX in 2011, Alcidion has acquired multiple healthcare IT companies and expanded its foothold in the UK, Australia and New Zealand to now service over 300 hospitals and 60 healthcare organisations, with further geographical expansion planned.

With over 20 years of healthcare experience, Alcidion brings together the very best in technology and market knowledge to deliver solutions that make healthcare better for everyone.
