This Document is current as at the date of this Document and should be read in conjunction with other Alcidion periodic and continuous disclosure announcements filed with the Australian Securities Exchange (ASX), available at www.asx.com.au.

The information in this Document is not intended to form the basis of any investment decision in relation to the Company or its assets and should not be considered as a recommendation to the Recipient to acquire securities in the Company. This Document is not a prospectus, profile statement or disclosure document and does not constitute an offer or invitation to acquire securities or otherwise invest in the Company, and no agreement to subscribe for securities will be entered into on the basis of this Document.

No representation or warranty, expressed or implied, is or will be made, and no responsibility or liability is or will be accepted by the Company, any of their respective officers, servants, agents or advisers (collectively "Limited Parties") as to or in relation to the accuracy, reasonableness, completeness or reliability of the information in this Document or any other written or oral information made available to any Recipients or their advisers. Any liability therefore is hereby expressly disclaimed. In particular, no representation or warranty is given as to the achievability or reasonableness of any future projections, management estimates or plans, prospects, returns or forecasts.

To the fullest extent permitted by law, the Limited Parties will not have any responsibility or liability for any loss or damage (whether foreseeable or not), however arising (including as a result of negligence), in relation to or in connection with the provision of this Document, the Recipient's or any other person's purported reliance on this Document, the failure to provide information of which any of the Limited Parties becomes aware or any errors in or omissions from this Document.

None of the Limited Parties makes or gives any representation, warranty or guarantee, express or implied, that the information in this Document is accurate, current, reliable or complete, has been or will be audited or independently verified, or that reasonable care has been taken in compiling, preparing or furnishing it. Various statements in this Document constitute statements relating to intentions, future acts and events including forecast financial information ("Forward Looking Statements"). Forward Looking Statements involve subjective judgment and analysis, known and unknown risks, uncertainties and other important factors that may cause those future acts, events and circumstances to differ from the way or manner in which they are expressly or impliedly portrayed herein. The Limited Parties do not make or give any representation, warranty or guarantee, express or implied, that any Forward Looking Statements will be achieved or proven correct, or that any assumptions or projections on which the Forward Looking Statements are based are reasonable. No historical financial information, forecast financial information, estimates or projections contained in this Document or any other financial information derived from that information, can be relied upon as a promise or representation, as to the past, present or the future. Past performance is not necessarily a guide to future likelihood of achievement or reasonableness of any Forward Looking Statement, forecast financial information or other forecast.

The Limited Parties do not undertake any obligation to (and expressly disclaim any obligation to) provide the Recipients with access to any additional information or to correct any inaccuracies herein which may become apparent or to disseminate any updates or revisions to any Forward Looking Statements in this Document to reflect any change in expectations in relation to any such statements or any change in events, conditions or circumstances on which any such statement is based.

This document also contains statistics, data and other information relating to markets, market sizes, market shares, market positions and other industry data pertaining to the Alcidion's business and markets. Such information is generally based on independent market and industry data or research. The Alcidion has not independently verified, and cannot give any assurances as to the accuracy and completeness of the information sourced from market and industry data or research contained herein. Accordingly, the accuracy and completeness of such information is not guaranteed. There is no assurance that any of the forecasts or projections contained in the independent market and industry data or research will be achieved. Forecasts and projections involve risks and uncertainties and are subject to change based on various factors. You should note that market data and statistics are inherently predictive and subject to uncertainty and not necessarily reflective of actual market conditions.

Neither the receipt of this Document by any person nor any information contained in it or supplied with it or subsequently communicated to any person in connection with a proposed investment in the Company constitutes, or is to be taken as constituting, the giving of investment or financial product advice (or any other advice) to any such person. Each such person should make their own independent assessment of the merits or otherwise of investing in the Company and should seek their own professional advice in respect of any future investment opportunity and not act on the basis of any matter contained in this Document. In providing this Document, the Company has not considered the objectives, financial position, taxation situation or other needs of any particular Recipient.

The distribution of this document in jurisdictions outside Australia may be restricted by law. Persons who come into possession of this document who are not in Australia, should seek advice on and observe any such restrictions. Any failure to comply with such restrictions may constitute a violation of applicable securities laws. ## FY25 Highlights

EXECUTIVE SUMMARY

# A Record Year for Alcidion

## Building blocks in place to accelerate global growth

1. **Scale -** FY25 revenue of $40.8M with geographical split 63% from UK & 37% from ANZ
2. **Validation** - New TCV[1] of $73.8M, up 109% pcp; led by milestone $39m+ EPR[2] contract
3. **Profitability** - Record Underlying EBITDA[3] of $5.1m; $5.8M positive operating cashflow
4. **Stability –** ARR[4] (as at 30 June 2025) of $28.5M, up 31% on pcp, underpins future profitability
5. **Momentum** – FY26 starting contracted revenue of $34M[5]; increases with contract wins during the year
6. **Growth Drivers** – Healthcare platform focusing on Flow & EPR opportunities, module expansion, adjacent markets, geographical expansion
7. **Market Need** – Healthcare systems operating under increasing pressure to improve efficiency

1. Total Contract Value
2. Electronic Patient Record
3. Underlying EBITDA: EBITDA excluding share-based payments and one-off restructure costs
4. Annual Recurring Revenue defined as the value of Support & Maintenance (S&M), hosting and/or license revenue that is contracted to be billed annually. This does not include multi-year capital licenses paid during the year or which will reoccur again upon a future contract renewal. ARR is a measure of the future annualised revenue as at a point in time.
5. Basis for calculation: ARR ($28.5M) + contracted implementation and technical services revenue ($5.5M)

1. Annual recurring product revenue (M&S + Annual Licenses) in FY25 reflects only partial contribution from new customers won during FY25
   - ARR as of 30 June 2025 of ~$28.5M, up 31% pcp
2. Material uplift in capital license revenue reflects upfront payment of 10-year North Cumbria license fee (typically a feature of larger UK contracts)
   - Capital license due again upon contract renewal representing material future earnings upside (for all capital license contracts)
3. Lower implementation revenue due to completion of Alcidion's portion of implementation for the Leidos-led Aust DoD healthtech project in FY24
   - Technical Services reflects rolling annual services contracts
4. Disciplined cost management maintained during FY25; staff costs and total operating costs (excl. gain on FX) down 10% on pcp
5. Record Underlying EBITDA of $5.1m

## Operational Success

POSITIONED FOR GROWTH

# Notable New Contract Wins

## New contracts reinforce modular strategy, catering to needs of customers as they enhance their digital maturity

ersonal use only

### Hume Rural Health Alliance (AUS)

- Miya Precision deployed as an enterprise digital platform across multiple sites in regional Victoria with a focus on patient flow and virtual care

### Hywel Dda (Wales)

- Miya Precision – Patient Flow, Observations & Assessments and Smartpage
- First customer in Wales

### North Adelaide Local Health Network (AUS)

- Miya Precision deployed across portfolio of the South Australian Department for Health and Wellbeing
- First SA Miya Precision deployment

### Peninsula Health (AUS)

- Miya Precision deployed as an electronic patient flow management solution within all Peninsula Health sites.
- Platform integrated with the existing EMR highlighting Alcidion's ability to integrate with existing solutions

# EPR Validation: North Cumbria

## Signed contract with North Cumbria Integrated Care NHS Foundation Trust (NCIC) for new EPR platform solution

ersonal use only

### Key Contract Terms

**10 years**
Contract duration

**A$39.0M+**
Total Contract Value (TCV)*

Potential to add further modules over time

### Contract Signed - Overview

- Selected following a competitive tender process
- Deploy Miya Precision encompassing full suite offering incl. Silverlink PCS
- NCIC is an existing Alcidion customer utilising Silverlink PCS PAS
- Solution will provide clinicians real-time access to patient records while streamlining patient flow & improving clinical decision-making processes

### Traction in UK EPR Market

- 2nd UK EPR contract following 10 year $23m extension of South Tees contract signed in Dec-23.
  - South Tees has optionality for additional modules; if selected would add TCV of $10m+ and thus similar size to NCIC
- NCIC and South Tees provide two good reference points as to the shape and size of various EPR contracts

### NCIC - Overview

- Provides care for approx. half a million people in the North of the UK
- Hospital & community care provided across:
  - 2 acute care hospitals
  - 8 community-based hospitals
  - 8 Integrated Care Communities (ICC)

# Notable Extension / Expansion Wins

## Continuing to build on deeply embedded and long-standing relationships

ALCIDION

ersonal use only

### NT Health (AUS)

- Builds upon existing 9+ year relationship
- Miya Precision to include reseller arrangement with 3rd party vendor's comms team messaging capability – highlights interoperability of Miya platform to suite needs of customers
- Scale of Miya platform presents opportunities for incremental value via reseller partnerships

### PCS Customers

### Several PCS customers (UK)

- Extended several PCS customers (product name for Silverlink) for between 1-3 years
- Continues to validate long-term nature of customer relationships and the critical role PAS software plays in hospital operations

### Sydney LHD (AUS)

- Extends 5-year relationship for a further 2 years
- Miya Precision used to support ongoing virtual and remote patient monitoring offering via Sydney LHD's virtual hospital (rpavirtual)
- rpavritual was one of Australia's first virtual hospitals and played a critical role during the COVID-pandemic

### Hume Rural Health Alliance (AUS)

- Recently expanded to include further modules in the original sites
- Potential for module expansion in future periods

# Successful Deployments in FY25

## Product Implementation and technical service delivery have always been a strength of the Alcidion business

### Hume Rural Health Alliance (AUS)

- First site went 'live' in late Oct-24
- Additional sites followed in in Nov / Dec
- Fastest ever roll-out of the Miya Precision platform, validating strength of Alcidion's technical services team

### Hampshire Hospitals NHS Foundation Trust

- First deployment of Miya Emergency across three hospitals of the trust
- Clinical professionals and end users were deeply involved during the implementation

> "...staff see enormous potential in Miya Emergency to help them... The system works extremely well, providing cross-trust visibility of what is going on in our emergency departments.
>
> Dr Tamara Everington, CCIO

### Dartford and Gravesham NHS Trust

- Successful roll out of electronic prescribing and medicine management (EPMA) system
- Fully integrated & accessible from Miya Precision

> "EPMA allows us to implement strong barriers to error for high-risk medication, whereas in the past we were reliant on weak barriers such as training and guidelines.
>
> Julia Scott, Pharmacist

### Royal Bolton Hospital

- Longstanding Patientrack customer
- Deployment of Miya Flow to deliver systemwide transparency
- Bed management processes digitised and administrative burden on staff reduced

> "This deployment represents a fundamental part of our plans to embed a control centre within the trust. This will only help to enhance both patient experience and patient safety.
>
> Dawn Devine, Head of Clinical Systems

# Modular / Expansion sales driving TCV uplift

## Delivering tangible examples of strategies success…

**Hume (Aust.)**

- Q1'25 – New contract covering 15 hospitals across Hume region of Vic, Australia
- Q4'25 – expanded to include additional hospital sites

**North Cumbria (UK)**

- Q3'25 – Milestone 10-year contract for EPR solution (several Miya modules)
- Q4'25 – expanded to include clinical comms module

**South Tees (UK)**

- Q2'20 - 5 years for several Miya modules
- Q2'20 - module expansion
- Q2'23 – extended contract for 8 yrs with options on new modules

**NT Health**

- Extended to include Smartpage task management alongside including partner module for communication from Celo

**Illustrative example of progressive module sales; unique ability to accommodate customers budget and requirements**

## Outlook

STRONG OUTLOOK
AND GROWTH POTENTIAL

# Outlook

## Momentum continuing into FY26 underpinned by high contracted revenue coupled with maturing pipeline of expansion & new opportunities

As of 30 June 2025, contracted & renewal revenue to be recognised in FY26 of $34.0M;

Contracted revenue will increase during the year as new sales are won

Targeting to be FY26 EBITDA positive and deliver positive operating cashflow

Quantum depends on timing of new contract wins

Started market testing, partner discussions, customer analysis for entry into new geographies – specifically Canada, Saudi Arabia & UAE

Progress to accelerate during FY26

Reviewing Miya platform applicability for other health verticals to complement existing capability (key targets verticals include aged care & community care)

Continuing building on referenceabilty in our core products to further penetrate our key markets; important role in the selection criteria

Reviewing potential M&A opportunities to accelerate growth profile

- Geographical expansion on radar

## Strong Financial Profile

- $40.8M FY25 revenue
- $28.5m ARR (as of 30 Jun-25) underpinned by multi-year (typically 3-5 year) contracts
- Gross profit margins 88%+
- Scale and operating leverage emerging - FY25 Underlying EBITDA of $5.1M & operating cashflow of $5.8M

## Strong Marquee Customers

- $39.0M+ over 10 years with North Cumbria for Miya Precision suite to provide new EPR
- $31.7M over 5.5 years with Leidos (Aus) to assist Australian Defence Force with health record
- $23.0M over 10 years (to 2033) with South Tees NHS (UK) for full Miya Precision suite

## Product Offering

- Cloud native, modern modular platform improving hospital efficiencies and clinical decision-making
- Highly interoperable and built on open standards
- Designed to be an active participant in health care rather than passive data store

## Long-term Contracts

- Long-term customer contracts (typically 3-5 years) with ongoing options for renewal
- Critical nature of software results in negligible churn
- Enterprise healthcare organisations (NHS Trusts, State health, private health)

## Market Tailwinds

- Health systems stretched with limited bed availability & under-resourced clinical staff seeking improved tech solutions for efficiency
- UK Government remaining committed to their pursuit of modernising the NHS, significant funding being allocated
